

1U / 2U Air Blanking Panel with Cable Brush

ABP-CB-1
1U Panel

ABP-CB-2
2U Panel

- Optimized Thermal Management:**
Fills empty spaces to optimize thermal management and prevent hot air recirculation.
- Seamless Cable Organization:**
Integrated nylon brush allows neat, organized routing from front to back.
- Flexible Sizing Options:**
Available in 1U and 2U sizes to match your specific rack space and cable needs.
- Durable Steel Build:**
Ensure structural integrity, exceptional strength, and long-lasting durability.
- Generous Cable Capacity**
Large brush opening to comfortably accommodate substantial, high-density cable bundles.
- Flexible Sizing Options:**
Available in 1U and 2U sizes to match your specific rack space and cable needs.
- Lightweight, Low-Profile Design:**
Provides a lightweight yet robust solution that is incredibly easy to handle and install.
